

# Centers of Academic Excellence in Cybersecurity

\* →

Plus one each in  
Alaska, Hawaii &  
Puerto Rico

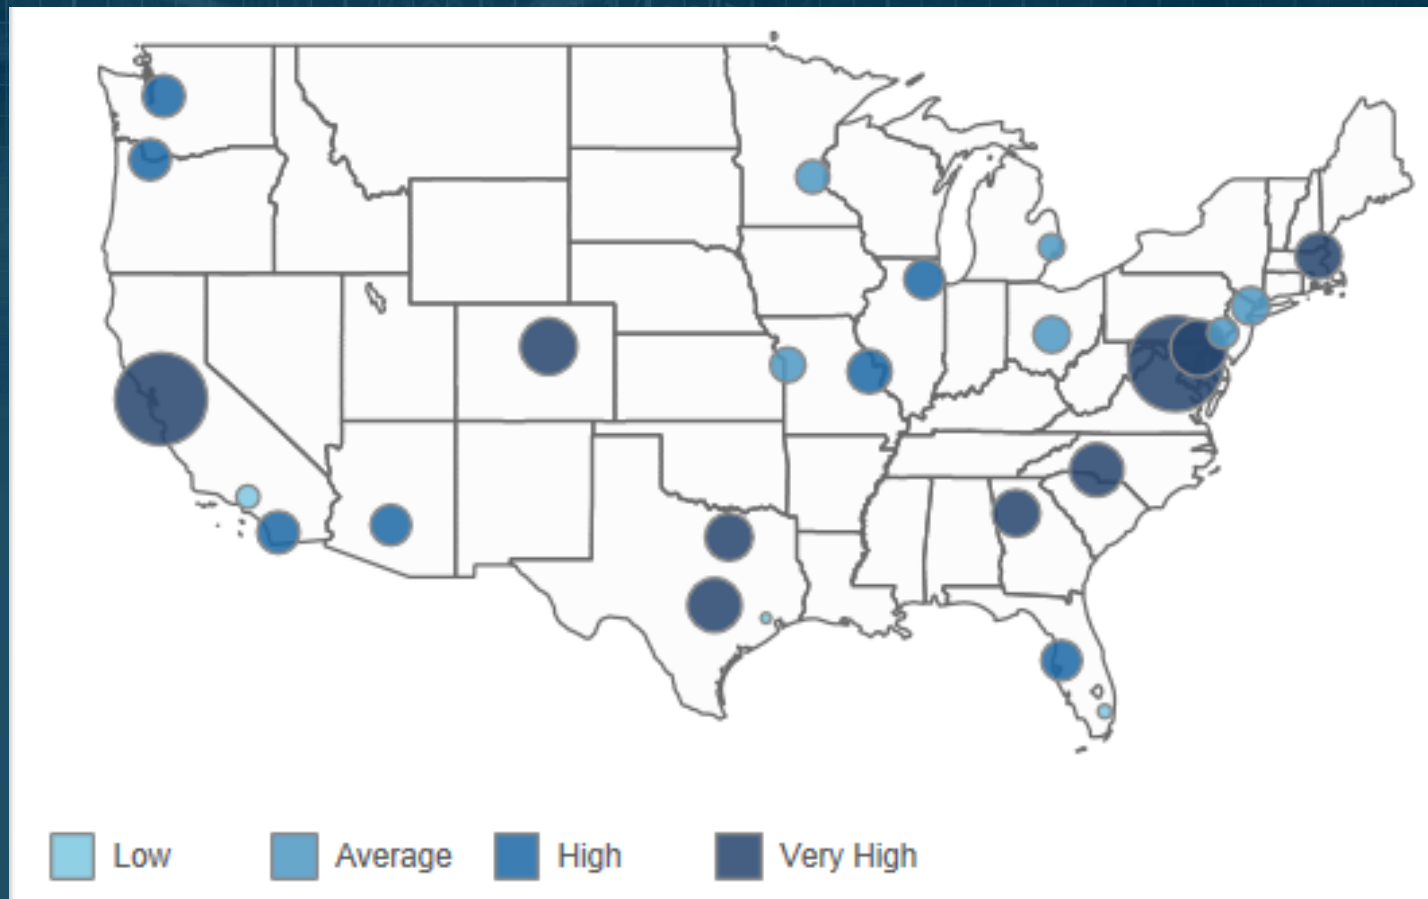

From [caecommunity.org/resources](http://caecommunity.org/resources)

209 schools = less than 10% of the schools nation-wide

# Cybersecurity Profession

<http://burning-glass.com/research/cybersecurity/>

# Things to Remember

- 1.5 million MORE cybersecurity professionals will be needed to accommodate the predicted global shortfall by 2020
- Biggest skill gap: Ability to understand the business (72% of respondents)
