

**Application for Cybersecurity Scholarship
Center for Cybersecurity Education and Leadership**

Option 1: Write a two- to four-page double-spaced, well-constructed response to the following items (The audience is Cybersecurity Professors @ Montreat):

1. Describe a recent cyber-attack in the news:
 - a What aspects were handled well by the victim company? What mistakes were made before or after the cyber-attack?
 - b Make sure to include your sources in APA format. (Sources only – no need for a title page, etc. for APA format)
2. Why do you want to pursue a Cybersecurity major at Montreat College?
3. What qualities and interests would you bring to the Cybersecurity program at Montreat College?
4. Describe the importance of ethics and morals in the field of Cybersecurity.
5. How would you personally approach the study and practice of this field given the talents and gifts that God has given you?

Option 2: Create a 10-15 minute presentation (you can use Microsoft PowerPoint, Google Presentation or Prezi):

1. Discuss and highlight items 1-5 above
2. Be creative and have fun doing it.
3. It is also acceptable to create a screencast presentation using a tool such as [screencast-o-matic.com](https://screencast-o-matic.com/screen-recorder) to record your presentation.

Self-Assessment Checklist: Please ensure you can attest to the statement below that applies.

1. I have created a document that is grammatically correct and free of spelling errors (Option 1) and describes and answers questions 1-5. While I may have consulted and received guidance from others, I attest I wrote this document on my own.
2. I have created a presentation (Option 2) that discusses highlights of questions 1-5. While I may have sought assistance from friends and/or family members, I attest I performed most of the work necessary to create the presentation.
