

## **Content Marketing Specialist - Carolina Cyber Center**

Montreat College's award-winning, cutting-edge and visionary cybersecurity program prepares students to solve the cybersecurity issues and concerns faced today in many corporate and government environments. Montreat College is actively engaged in developing government, industry, and educational partnerships in the field of cybersecurity. In addition to a traditional on-campus program, and a global online program, Montreat College established the Carolina Cybersecurity Center to focus on continuing education training (including an innovative workforce development program), providing regional cybersecurity services, and developing public/private partnerships to advance the "state of practice" in cybersecurity.

We are looking for a savvy content marketing specialist to guide and develop the content creation process for the Carolina Cyber Center. As a content specialist, you will be required to research and define desired target audiences, manage the content creation and publishing process, and monitor prospective student, customer, and content metrics. We are looking for candidates who possess the ability to think both creatively and analytically. Content Marketing Specialist duties include producing and publishing content, writing, editing and proofreading, formulating content strategies

To ensure success as a content specialist, you should show a keen eye for detail and be highly creative. A skilled content specialist should be expert storytellers and possess excellent knowledge of consumer and content trends.

**Location: Montreat, North Carolina**

**Start Date: Negotiable**

**Reports to: Vice President for Marketing & Communications**

**Summary:** Content Marketing Specialist leads in the assessment of marketing strategies, tools, processes, and actions in order to effectively shape, advertise, and market products and services provided by Carolina Cyber Center.

**About Montreat College:**

Montreat College is a Christian liberal arts college accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to offer masters, bachelors, and associates degrees. The main campus is located in the Blue Ridge Mountains fifteen miles east of Asheville, North Carolina, a region recognized as one of the most attractive living environments in the United States. Satellite campuses in Asheville, Charlotte, and other sites supplement the main campus. The College is committed to Christ-centered teaching and learning and is a member of the Council for Christian Colleges & Universities.

The Carolina Cyber Center began as a vision from Dr. Paul Maurer, President of Montreat College, in 2018 to leverage the tremendous progress Montreat College made with its cybersecurity education program (e.g., 50+% enrollment growth, highly qualified/experienced professors, CAE designation from NSA/DHS, MOU with the U.S. Army). Initial funding for C3 was provided by Montreat College and in 2019 the State of North Carolina provided additional funding. The Center's vision is to be a national demonstration resource for developing community cyber awareness, ethical cybersecurity professionals, and public/private partnerships to advance the "state of practice" in cybersecurity.
