CAMPUS SECURITY
2021 ANNUAL CRIME AND FIRE SAFETY REPORT**

Calendar Year 2020

The staff of Montreat College is committed to providing a safe and secure community for our students and information that will equip them to assume responsibility for their safety throughout their lives. The 2021 report represents recorded statistics for the Calendar Year 2020.

MONTREAT CAMPUS

CAMPUS SECURITY

The Montreat College Campus Police, Safety & Security department has full arrest authority and provides primary police protection for the college community and can be reached by dialing (828)713-2520. The college's Chief of Campus Police oversees officers who patrol the campus seven nights a week. The college works closely with the town of Montreat police which includes the college in its' 24/7 patrol and informs the college of any criminal activity on public property around the campus. All college buildings and residence halls are checked continually to ensure security and to confirm that they are locked each evening. In the event of an emergency, the officer has the ability to immediately contact other area police officials. The residence halls are locked at all times. Through the 911 emergency phone number, fire, rescue, and other area police agencies can be contacted directly.

RESIDENCE HALLS

The residence hall staff is trained to respond to campus emergencies and ensure the safety of students living in the residence halls. During visitation events, the Residence Life staff is responsible for protecting residents' privacy and safety. Staff members supervise the entry to the buildings and individual halls to ensure compliance with college regulations and prevent uninvited off-campus individuals from entering the buildings. Requiring all guests to register and leave by the front lobby door ensures safety and security; room doors are required to be left open; and the residence hall staff checks the halls on a regular basis.

The Office of Student Life provides educational programs and materials that encourage students to be responsible for their own security and the security of others. Information is provided to students through the college's Student Handbook, written materials and small group workshops related to the following: crime prevention, self-defense, sex offense awareness, and sex offense sanctions. All students are provided detailed procedures to be followed if a sex offense does occur, and support protections are afforded the victim. The Student Handbook also provides details of college policies, sanctions, and laws related to illegal drug and alcohol use. Drug and alcohol abuse education and counseling efforts are coordinated through the Office of Student Services.

REPORTING CRIMES ON CAMPUS

Students and employees are directed to report any occurrence of the crimes listed on the [Campus Crime Statistics link](#) to the local police, Campus Safety and Police, or the Dean for Students. Montreat College will provide a timely warning to the campus community of any occurrences of these crimes in the event they present a continuing threat to students and/or employees. Information regarding area registered sex offenders may be found through the Buncombe County Sheriff's Office or the following North Carolina State Bureau of Investigation web site: <http://sexoffender.ncsbi.gov/>

CAMPUS SECURITY AND EMERGENCY RESPONSE

Montreat College has established a committee made up of staff, faculty, and students to conduct an annual review of all campus security policies, crime reporting procedures, and emergency management procedures. For more information, contact the Student Life Office at 828-669-8012, extension 3631.

Timely Warnings

In the event a public threat arises, either on or off campus, that in the judgment of the Dean of Students or the Director of Campus Police, Safety & Security constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning may be issued through the college’s phone notification system, through campus mail, flyers in all campus buildings, and the college e-mail system to students, faculty, and staff. Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Office of Student Life may also post a notice on the campus website at: www.montreat.edu, providing the community with more immediate notification. In such instances, a copy of the notice may be posted in each residence hall and at the front door of each campus building. Anyone with information warranting a timely warning should report the circumstances to the office of Campus Police, Safety & Security by phone (828-713-2520) or in person at the Office of Student Services, Belk Campus Center, second floor.

Emergency Response, Lockdown, and Evacuation Procedures

If there is an ongoing public threat, the Dean of Students or the Chief of Campus Police may initiate an emergency lockdown or evacuation procedure using various communication tools as available. The action notice may be issued through the college’s cell phone emergency notification system, through campus mail, flyers in all campus buildings, and the college e-mail system to students, faculty, and staff. In such instances, a copy of the notice may be posted in each residence hall and at the front door of each campus building. Anyone with information about any community threat should report the circumstances by calling 911, the Campus Police by phone (828-713-2520), the Dean of Students (828-669-8012 ext. 3631), Residence Life staff, or in person at the office of Student Life, Belk Campus Center, second floor.

Missing Student Notification

In compliance with the Missing Student Notification Policy and Procedures 20 USC 1092 C; (Section 488 of the Higher Education Opportunity Act of 2008), it is the policy of Student Life and Residence Life to actively investigate any report of a missing student who is enrolled at the college as either a full or part-time student. Each resident will be notified of the missing student policy and procedures in the event that a student is reported missing. Each resident is asked to provide the name and contact number of the individual(s) that is to be contacted in case of an emergency, including in the event of the resident being reported missing for a period of no more than 24 hours. For any resident under the age of 18, and not an emancipated individual, the institution is required to notify a custodial parent or guardian no later than 24 hours after the time that the resident is determined to be missing by Student Life staff.

If a member of the college community has reason to believe that a student is missing, all efforts will be made immediately (no waiting period) to locate the student to determine his or her state of health and well-being. These efforts include, but are not limited to, checking the resident’s room, class schedule, friends, contacting the police, locating the resident’s vehicle, and calling their cell phone number.

If upon investigation by Student Life and police, the resident is determined to be missing for at least 24 hours, the Dean of Students (or representative) will contact the resident’s designated emergency contact or custodial parent or legal guardian, if under the age of 18. If the student has failed to designate an emergency contact, Student Life and police will continue to investigate utilizing established police investigative procedures. Student Life will coordinate its efforts with outside law enforcement agencies in full compliance with legal obligations and good police practice.

Report to one or more of the following in the event of a student missing for 24 hours:

- Campus Police
- Student Services
- Residence Hall Director
- Resident Assistant

Confidential Reporting Procedures

If you are the victim of a crime and do not want to pursue action within the college or the criminal justice system, you may still want to consider making a confidential report. With your permission, the Chief or a designee of Campus Police can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the college can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Policy for Reporting the Annual Disclosure of Crime Statistics

Campus crime, arrest and referral statistics include those reported to the Campus Police, designated campus officials (including but not limited to directors, deans, department heads, advisors to students/student organizations, athletic coaches), and local law enforcement agencies. Counseling and Health Services staff informs their clients of the procedures to report crime to the police on a voluntary or confidential basis, should they feel it is in the best interest of the client. Each year a copy of the report is emailed to all current students and employees. Copies of the report may also be obtained at Student Services, Belk second floor. ALL CAMPUSES

Sexual Violation Offenses

Offenses include: Sexual Harassment, Forcible and/or Non-Consensual Sexual Conduct, and Sexual Exploitation (for more information, please see <https://www.montreat.edu/mymontreat/title-ix/policy/>) Montreat College recognizes the dignity and worth of all humanity as God's creation in His own image and therefore seeks to maintain a community free of sexual harassment, sexual assault, and other forms of violation. These offenses are also a violation of the law and grounds for disciplinary action up to and including discharge or suspension. Further, the college does not condone solicitation or threats to bring false accusation of sexual violation. This policy shall apply with equal force to all students, staff and faculty.

Sexual Misconduct or Assault is any attempted or actual intentional touching or penetration of another person's clothed or unclothed body, including but not limited to the mouth, neck, buttocks, anus, genitalia, or breasts by another person in the absence of effective, mutually understandable consent. Sexual assault also includes causing another person to touch their own or another person's body in the manner described above. Sexual misconduct includes but is not limited to:

Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim.

Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory rape: Sexual intercourse with a person who is under the statutory age of consent.

Sexual Harassment is any unwelcome sexual advance, request for sexual favors, and/or other verbal or physical conduct of a sexual nature when:

Submission to or rejection of such conduct is made either explicitly or implicitly a term of or a condition of education, employment, or participation in College activities; Submission to or rejection of such conduct is used as the basis for evaluation in making academic or personnel decisions affecting that individual; or Such conduct has the purpose or effect of unreasonably interfering with an individual's performance, or creating an intimidating, hostile, or offensive working, living, or learning environment. Examples of sexual harassment include, but are not limited to: slurs, threats, derogatory or suggestive comments, unwelcome jokes, sexual violence, teasing or sexual advances and other similar verbal or physical conduct, including e-mail, phone calls, or other online communications.

Sexual Exploitation occurs when an individual takes sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, without effective consent. Examples of sexual exploitation include, but are not limited to, invasion of sexual privacy; recording, photographing, or transmitting intimate or sexual utterances, sounds, or images of another person; allowing third parties to observe sexual activity; engaging in voyeurism, trespassing, or spying; or sexually-based stalking or bullying.

Stalking is any course of conduct directed against another person that violates reasonable expectations of personal privacy and that is sufficiently serious to cause physical, emotional, or psychological fear or to create a hostile, intimidating, or abusive environment for a reasonable person. This includes actions or contact through a third party. Examples include but are not limited to: repeatedly contacting or following a person; threats of harm to self, others, or property; trespassing; and surveillance or other related types of observation. Stalking also includes cyber-stalking through electronic media, like the internet, social networks, blogs, cell phones, or text messages.

Intimate Partner Violence (which is commonly referred to as dating violence, domestic violence, and relationship violence) is any act of violence or threatened act of violence that occurs between individuals who are involved or have been involved in a sexual, dating, spousal, domestic, or other intimate relationship. Whether there was such relationship will be gauged by its length, type, and frequency of interaction. Intimate partner violence may include any form of prohibited conduct under this policy.

Consent is voluntary, intentional, freely given agreement to engage in particular sexual activity. Consent is active, not passive, and can be revoked at any time. Absence of "No" is not the equivalent of "Yes." Consent cannot be gained by force, threats, intimidation, coercion, or by taking advantage of another's mental or physically incapacitation (including a person's incapacitation by intoxication). Consent cannot be given by one who is not of legal age. Consent may not be inferred or implied from silence, from lack of active resistance, or from prior consent to sexual acts. Consent may be withdrawn at any time.

Incapacitation is the inability, temporarily or permanently, to give consent because the individual is mentally and/or physically helpless, either voluntarily or involuntarily, or the individual is unconscious, asleep, or otherwise

unaware that the sexual activity is occurring. In addition, an individual is incapacitated whenever the individual demonstrates that the individual is unaware of his or her location, present circumstances, or why or how he or she became engaged in a sexual interaction. When alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. When drug use is involved, incapacitation is a state beyond being under the influence or impaired by use of the drug. Alcohol and other drugs impact each individual differently, and determining whether an individual is incapacitated requires an individualized determination.

Complicity, any act that knowingly aids, facilitates, promotes, or encourages the commission of prohibited conduct by another person, is prohibited conduct under this policy.

Retaliation is taking action against someone for that person's participation in protected activity. Protected activity under this policy includes (i) a good faith reporting of a complaint under the policy, (ii) participation in an investigation or hearing under the policy, and (iii) opposition to practices that an individual reasonably believes are in violation of this policy.

Safety is the first priority. If the individual needs immediate medical attention due to a sexual assault, call 911 for law enforcement and medical assistance. For nonemergency medical attention, contact Student Health Services at x3536, or seek medical attention at Mission Hospital (828-213-1111) as soon as possible. If possible, avoid bathing or brushing teeth, and preserve clothing and other evidence in a paper (not plastic) bag. The hospital employs a Sexual Assault Nurse Examiner (S.A.N.E.) nurse who can document injuries, collect evidence (which may be important for future prosecution options) and help the individual with other medical issues such as STD prevention.

Intimate Partner Violence Intimate partner violence means any physical, sexual or psychological harm against an individual by a current or former partner or spouse of the individual.

Sexual Violence - Risk Reduction Tips

With recognition that only those who commit sexual violence are responsible for those actions, these suggestions may help you to reduce your risk of experiencing sexual aggression:

1. Have clear limits, and make them known as early as possible.
2. Tell a sexual aggressor "NO" clearly and firmly.
3. Try to remove yourself from the physical presence of a sexual aggressor.
4. Find someone nearby and ask for help.
5. Take affirmative responsibility for your alcohol intake/drug use and acknowledge that alcohol/drugs lower your sexual inhibitions and may make you vulnerable to someone who views a drunk or high person as a sexual opportunity.
6. Take care of your friends and ask that they take care of you. A real friend will challenge you if you are about to make a mistake. Respect them when they do.

Non-Discrimination Statement: In accordance with federal and state statutes (including Title IX, which prohibits gender-based discrimination), Montreat College is committed to maintaining a community that is free from sexual harassment and all forms of sexual intimidation, exploitation, coercion, and violence. The Payroll and Benefits Manager is designated as the Title IX Coordinator, and is responsible for overseeing the college's compliance with Title IX. Inquiries concerning the college's policies, compliance with applicable laws, statutes, and complaints may be directed to the Title IX Coordinator, Montreat College, P.O. Box 1267, Montreat, NC 28757, (828)669-8012 (ext. 3755).

MONTREAT COLLEGE ANNUAL FIRE SAFETY REPORT Calendar Year 2020

Daily Fire Log

The Student Services Office maintains a Fire Log of all incidents reported. This includes all fire-related incidents. The Fire Log includes the incident type, date incident is reported, date and time of occurrence, and general location of each reported incident type, as well as the disposition of the incident, if this information is known. The Student Services Office records on the Fire Log within two (2) business days of receiving a report of an incident and reserves the right to exclude reports from a log in certain circumstances as permitted by law. The most current 60 days of information is available from the Student Life Office.

Annual Fire Safety Report

The Higher Education Opportunity Act (HEOA) requires two (2) new safety-related requirements on institutions that participate in federal student financial aid programs which follow:

1. Fire Log: Institutions must keep a fire log that states the nature of the fire, date, time, and general location of each fire in on-campus student housing facilities.
2. Annual Fire Safety Report: Institutions with on-campus student housing facilities must publish annually a fire safety report that provides information on campus fire safety practices and standards. Montreat College complies with this regulation by including all fire-related incidents at on-campus student housing facilities as part of the Annual Security & Fire Safety Report. Information contained in this annual fire safety report includes: number and cause of fires at all on-campus student housing facilities; number of fire-related deaths; related injuries; value of fire-related property damage; information on evacuation procedures; fire safety education and training programs; fire safety

systems in each student housing facility; number of regular mandatory supervised fire drills; and policies on portable electrical appliances, smoking and open flames. The Annual Security & Fire Safety Report includes three (3) years of data. If a fire occurs in any building, community members should immediately notify 911 from a land line phone or from any cell phone. The campus fire alarm systems alert community members of potential hazards. Community members are required to heed an activated fire alarm system, and evacuate a building immediately. Use the nearest available exit to evacuate the building. Gather outside. Community members should familiarize themselves with the exits in each building. When a fire alarm is activated, the elevators in most buildings will automatically recall to a pre-designated fire safe floor. Occupants should use the stairs to evacuate the building.

Fire Protection Equipment/Systems

All residential buildings are equipped with automatic fire detection and alarm systems which are monitored 24 hours a day, 365 days a year.

room. North Carolina State Fire Code prohibits use of extension cords. Only multiple outlet, thermal protected power strips are permitted in residence hall rooms. The college reserves the right to prohibit the possession and use of any item that may present a fire or safety hazard. Fire alarms and fire extinguishers are placed throughout the college buildings for the security of the community. The college will discipline any student who makes unauthorized use of or interferes in any way with the efficient functioning of this equipment, the result of which could jeopardize the safety and lives of other students.
